This is a photo Essay about "The High School"----
South Oak Cliff High School in Dallas, Texas. This publication
of the 87-88 "Den" illustrates another year of Golden Bears
activities; we reached the "Dawning of a New Den."
Our theme,"Dawning of a New Den" is symbolized through-
out these memorable pages..........

......They are designed to show the life's activities of the
students; their initial days of high school to the last
few days for those who are graduating; many of them, with honors.

We know that the readers and viewers
will find something that will epitomize the
spirit of what they have experienced during their
glorious years. We are very grateful and
we have been rewarded in our efforts to record,
"The Dawning of a New Den;"

Where, there is, "A Changing Image.......

Dr. Todd welcomes OUR NEW SCHOOL SUPERINTENDENT

Dr. Marvin Edwards

Edwards Says Teaching, Learning District's Top Priority

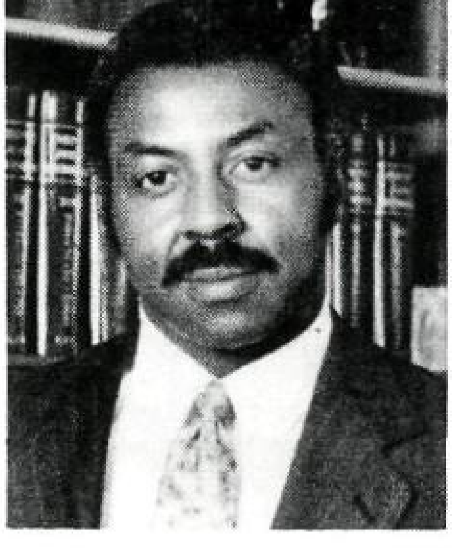

"At this point I can tell you with total assurance that the primary direction I will take will be that of emphasizing teaching and learning. After all, that is the most important task with which taxpayers have charged their schools."

Those were the remarks of new DISD Superintendent Marvin Edwards at the 25th Annual Alyce Foster Trail Blazer Awards luncheon of the South Dallas Business and Professional Women's Club.

"We must be convinced that every child can learn..." Marvin Edwards.

In one of his first major addresses to the Dallas community, Edwards said his new direction for the district "will place on the shoulders of principals the important responsibility of being the instructional leaders in their schools."

"The principal of an effective school is an individual who creates a good climate for instruction, who serves as a mentor and instructional guide for his or her teachers, who is visible to the students, and who involves parents and community in their school," Edwards explained.

Marvin Edwards

"My goal will be to have an effective principal in every school in the DISD...and I will give that principal both the level of support and the level of responsibility and autonomy that he or she needs to be effective."

Edwards says he will view all non-teaching positions in the district as support for the classroom teacher. "I will be looking for ways to give teachers 'ownership' of the instructional programs, as well as ways to talk back to me about their concerns and, ideally, their jobs! These will be two ways in which we can begin to improve teacher morale."

Edwards, who takes over as superintendent on June 1, told the audience, that we must be convinced every child can learn, and we must help every child to be successful. That may mean a teacher will modify his or her teaching style—to try a new way of teaching—in order to help a particular child to learn. "Quality teachers do this everyday," he said.

PRINCIPAL'S MESSAGE

The publication of the 1987/88 Annual indicates the positive aspects of a vision. The support for this publication diminished during prior years, but the determination of the Class of 1988 enabled us to continue to record the history of our school. This Class is to be congratulated for a successful project completed against the odds. A personal thanks is given to Mr. Calvin Booth and Mr. Alex Gillum, as well as the entire annual staff.

Continue to conquer life problems as you accomplish this project. Thank you for letting all of us know that all things are possible, if we have the faith and the conviction to work toward that end. Again, **congratulations**, and may life be as wonderful for you as you have made it for us.

Sincerely yours,

Frederick D. Todd
Principal

Dean of Instructions

This has been an "interesting" school year. Many goals were set and now, thanks to Mr. Calvin Booth, Mr. Alex Gillum and the Year Book Staff, another one has been met.
CONGRATULATIONS to them for this splendid remebrance of the 1987-88 School Year.
Sincerely,
Mae Hickman

IN MEMORY OF

Floyd Iglehart

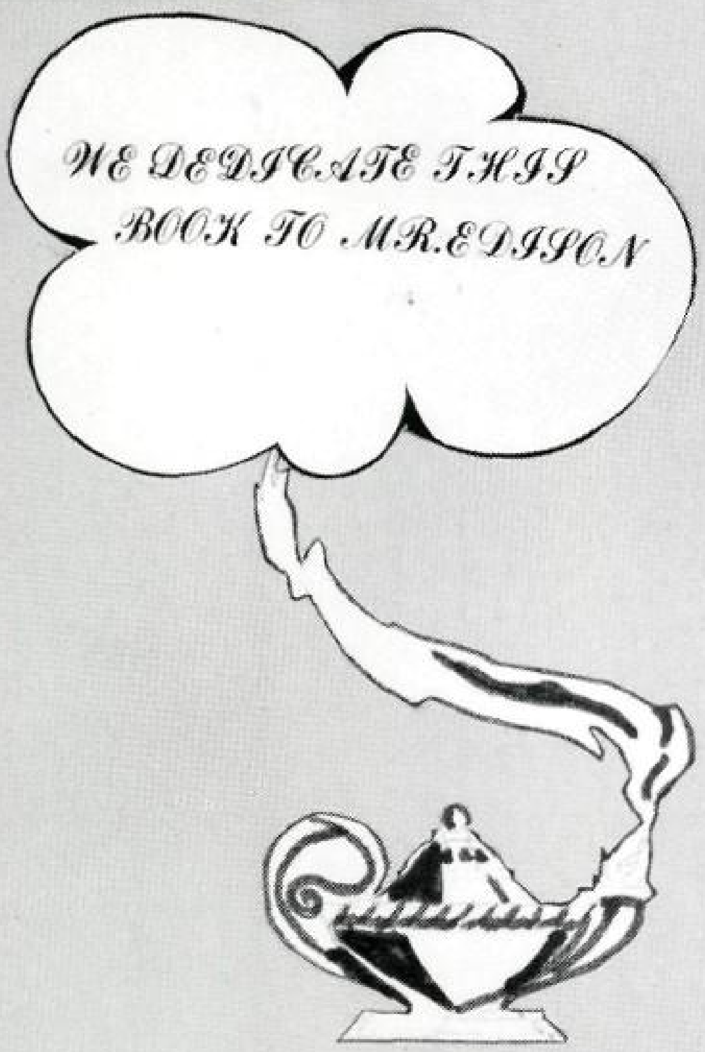

We will always remember your warm smile, your gentle handshake. We will always remember the way you made us smile when we were feeling down. How you made us laugh when we were sad.

The way you placed courage in our hearts when we were afraid and all of the kindness that you gave.

Thank you for giving us the chance to get to know you. You have made a spot in our hearts that is here to stay.

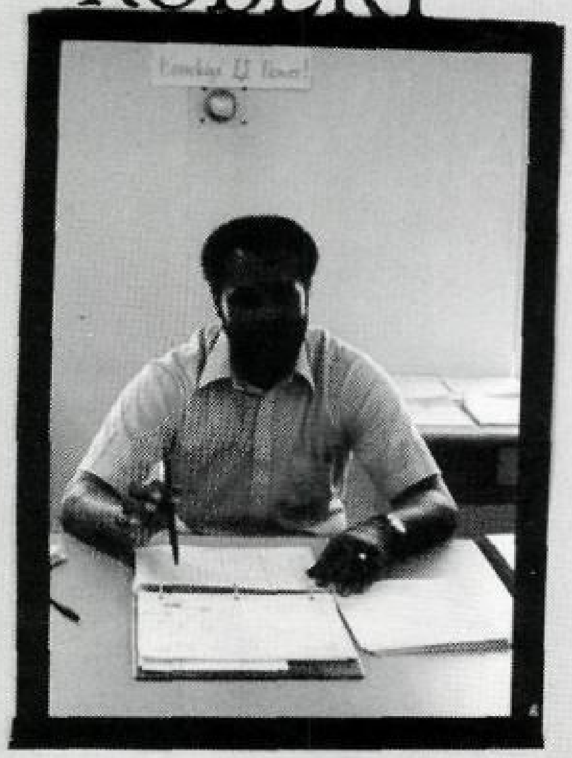

CONGRATULATIONS

ROBERT

We thank you for the time you gave when it was so deeply needed. We thank you for the encouragement you gave when we were so afraid.

You have taught us that we can achieve and the only person that can stop us from achiving is ourselves. You have shown us that there is a brighter tomorrow and that life is what we make of it.

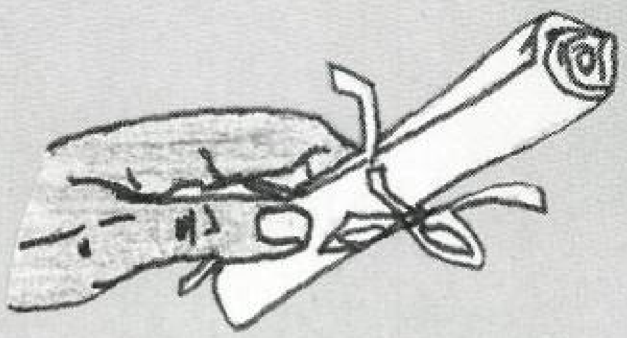

You have taught us to stand up for ourselves and let no one keep us back. We thank you for understanding us when we didn't understand ourselves.

And for all of this we would like to dedicate this book to you.

Mr. & Miss South Oak Cliff 1987-88

Miss South Oak Cliff, Niccol KeShay Irving, is an Honor Roll student who is in the top 10 percent of her class. She is currently a member of the National Honor Society, and holds an eighty-eight grade point average. She hopes to continue to keep her average up in order to graduate with honors in June.

Niccol's sophomore year reflected her ability to be a S.O.C.J.V. cheerleader as she cheered the team into a good season. She felt that one of her greatest achievements was when she qualified to receive her driver's license the year before her junior year. Her most gratifying accomplishment was her ability to do well in high school. She is now a member of the South Oak Cliff Yearbook Staff.

After graduation, Niccol's intentions are to further her education at North Texas State University, where she has been accepted. She hopes to one day become a successful Interior Designer. She also feels that having the title of Miss South Oak Cliff is an honor.

Mr. South Oak Cliff, Howard Eugene Anderson, Jr., currently serves as President of the Senior Class and Secretary of the Fellowship of Christian Athletes. He is a member of the National Honor Society. He served as captain of the varsity football team, and had the privilege of being appointed to the Dallas I.S.D.'s Academic All-City Starting Line-Up. He has participated in various Mathematic Olympiads and Mathematics and Science fairs beginning in elementary and continuing through high school.

In ninth grade Howard attended the Science and Engineering Magnet part-time where he was a member of the Junior Engineering Technological Society. He also played basketball for South Oak Cliff his freshman year. In tenth grade he was inducted into the International Baccalaurate Program, and played football. In his junior year he taught a group of fourth grade students at Lisbon Elementary.

Howard's goal is to become an Orthopedic Specialist. Once he has completed his undergraduate and graduate studies, he plans to open an Orthopedic Clinic. Another goal that Howard has is to establish a fund that will also offer scholarship awards for deserving young students

TEACHER OF THE YEAR

South Oak Cliff is very proud of an exceptional, talented teacher, who has accomplished a dream of her own. Ms. Herschkowitsch, an English teacher at S.O.C., was chosen as one of the 5 finalist for D.I.S.D Teacher of the Year. We are so proud of her, but now she has shown Dallas, what she can really do. Ms. Cynthia Herschkowitsch was chosen D.I.S.D Teacher of the Year.

Ms. Herschkowitsch has not only made herself known in the Teacher of the Year contest, she has contributed a lot of her time and talent to many South Oak Cliff students. She took her I.B. students on an educational trip to Germany this year.

Besides her present accomplishments, her past speaks for itself. Ms. Herschkowitsch was born in Portsmith, Virginia. She graduated from R.L. Turner High School, and afterwards attended North Texas State University. The degrees she received are a Bachelor Degree in English, and is currently working on a Masters Degree in English.

Ms. Herschkowitsch has been teaching at South Oak Cliff for twelve years, and we hope she continues to teach us what she knows, because we really appreciate her. Ms. Cynthia Hersckowitsch has that S.O.C spirit!

VARSITY WRESTLING

The Thrill Of Victory

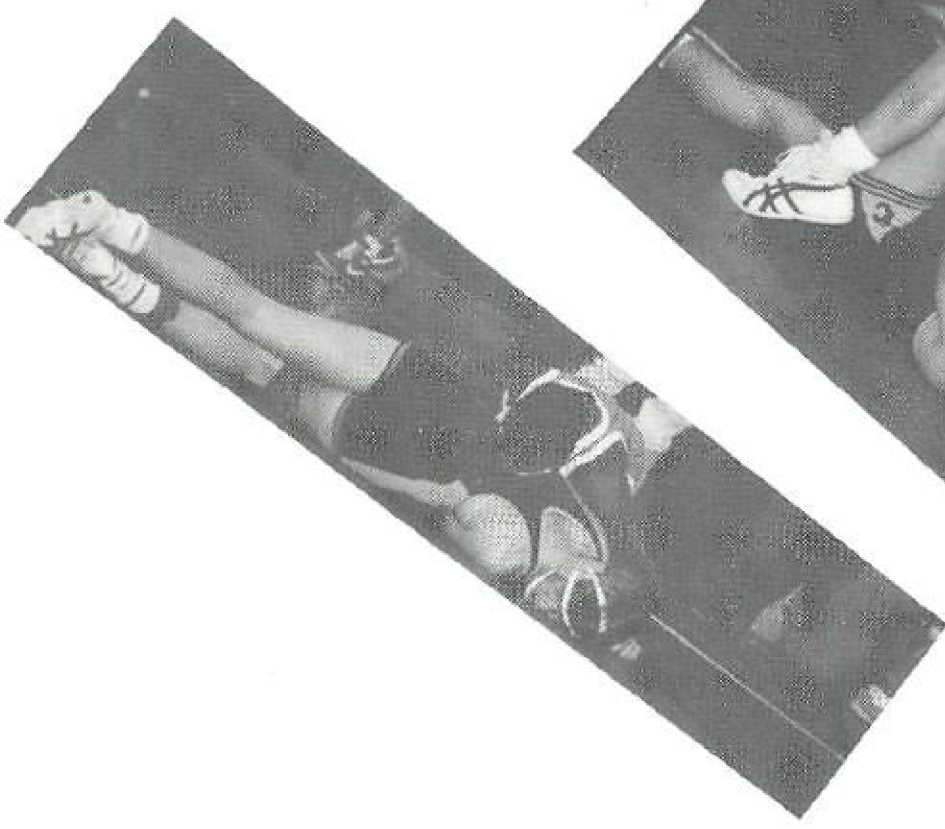

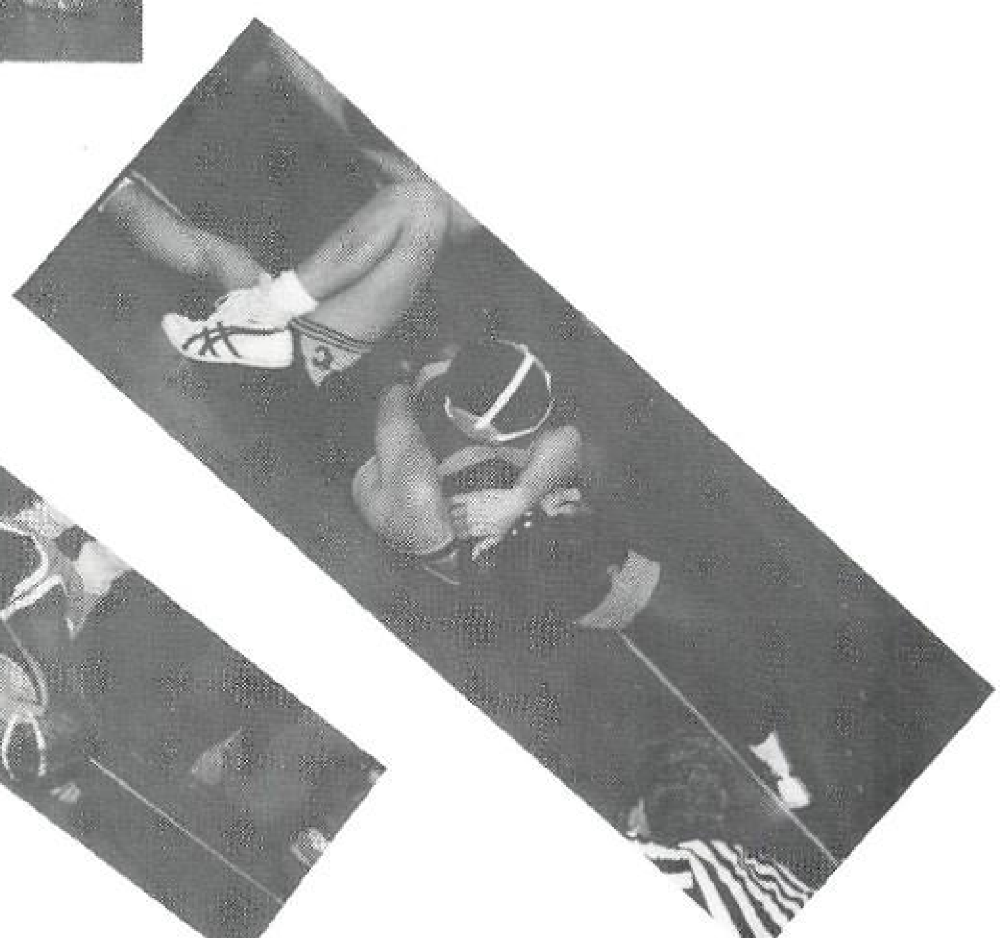

This page highlights James Hicks, Derroque Burns, Renwick Evans, and Carlos Connors in their most outstanding contribution to the wrestling team. They all had very productive seasons this year. They are all seniors with the exception of Derroque Burns, who is the most outstanding and returning junior.

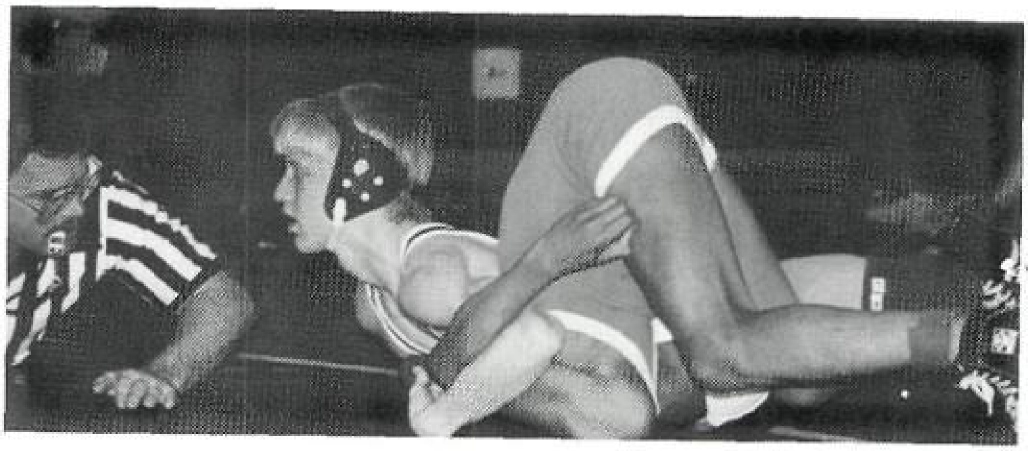

And

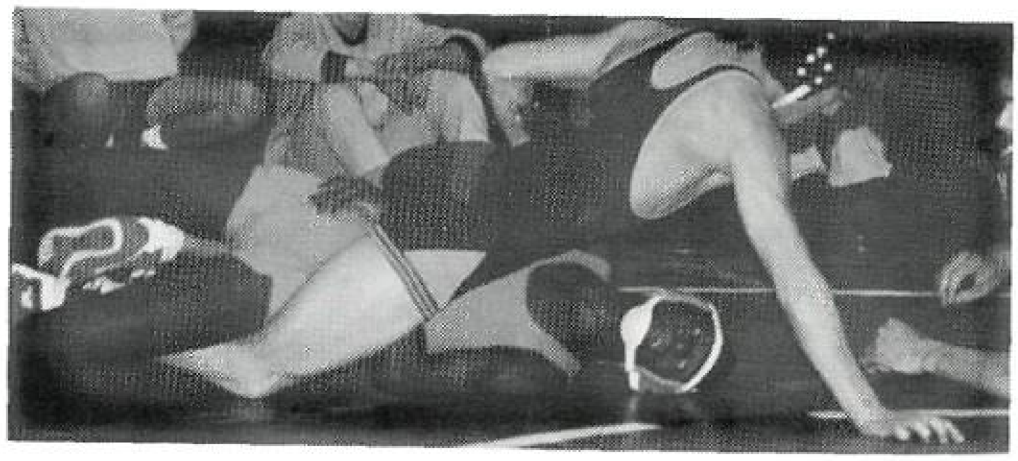

The Agony Of Defeat

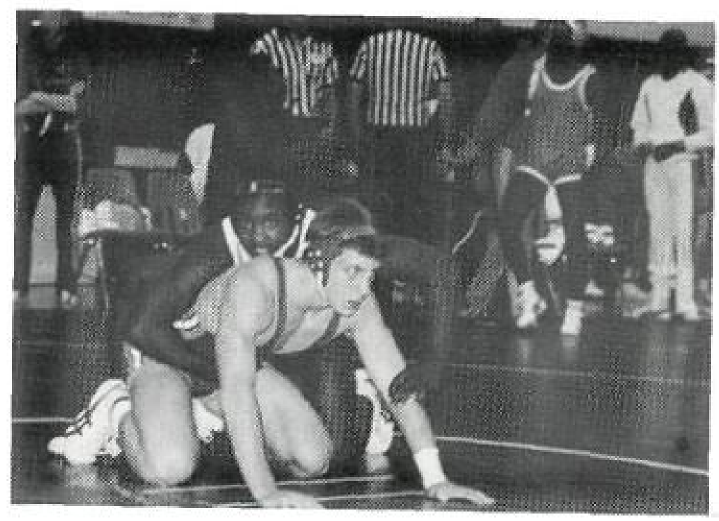

DOWN BUT OUT

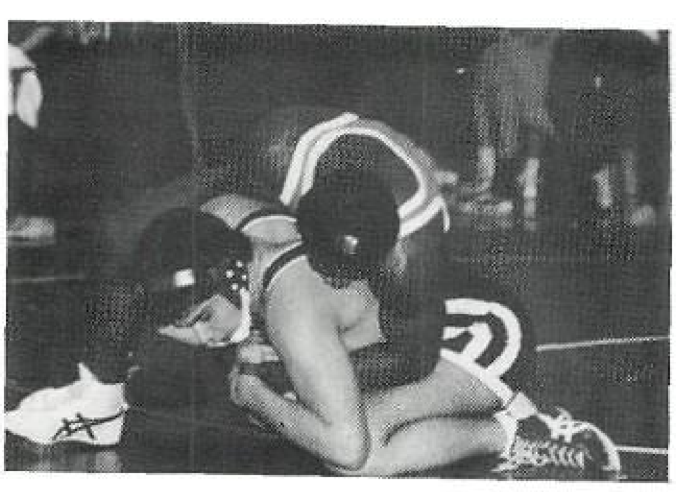

The Golden Bears were down but not out as they rallied to their undeniable victories.

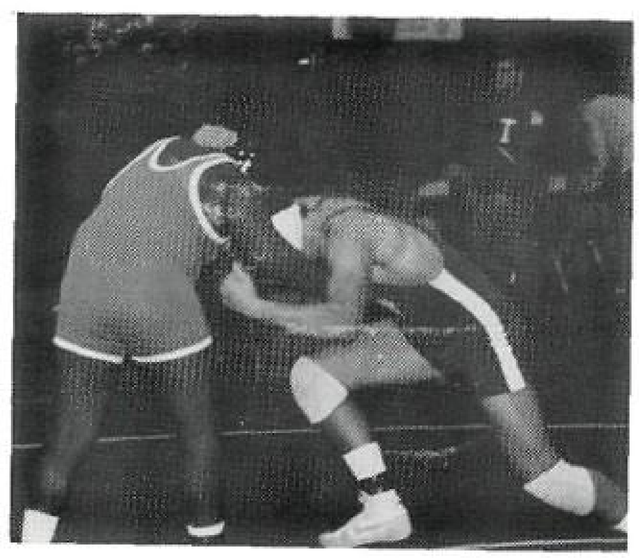

The Golden Bears hold in their possession the best freshman wrestler since the freshman year of Derroque Burns. His name is Howard White. He is expected to dominate his weight class next year with his awesome strength.

You can reach your dreams because...You are loved

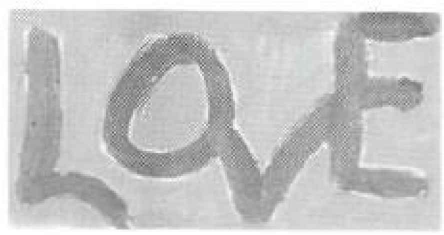

When the road seems too long
When darkness sets in
When everything turns out wrong
And you can't find a friend.
Remember- you are loved.

When smiles are hard to come by
And you're feeling down
When you spread your wings to fly
And can't get off the ground
Remember-you are loved.

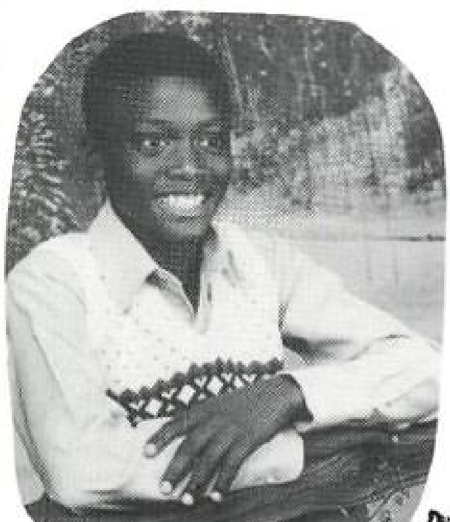

When time runs out before you're through
And it's over before you begin
When little things get to you
And you just can't win
Remember-you are loved.

When your loved ones are far away
And you are on your own
When you don't know what to say
When you're afraid of being alone
Remember-you are loved.

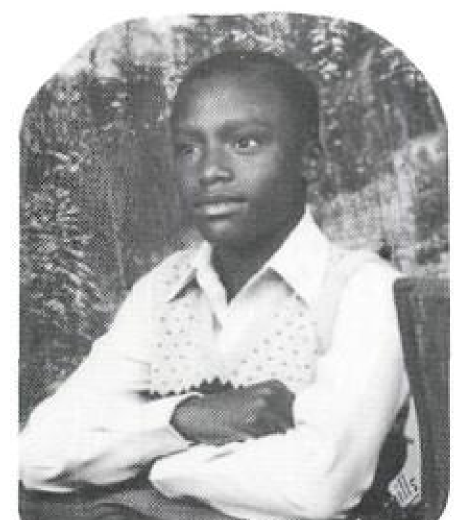

When your sadness comes to an end
And everything is going right
May you think of your family and friends
And keep their love in sight
A thank-you for being loved.

May you see the love around you
In everything you do
And when troubles seem to surround you
May all the love shine through
You are blessed-you are loved.

DEDICATION

Dear Leslie, Shani, Derrick, Rodrick:

As we stand in today's doorway, there are so many things I'd like to say. Adulthood has come upon you and you're not all that sure you are ready for it. Well, I'm not so sure I'm ready for adulthood either- yours OR mine. The first thing, I guess, is-DON'T BE SCARED! It's okay to be uncertain, just don't be scared. The day before yesterday you were a baby. You were so fragile. Yesterday, I felt so helpless and confused when we argue. Today you are a teenager(WITH A LINCENSE TO DRIVE!!!) and on the thershold of your life. The only thing that passes fast is time. But I know you will exchange time for experience, certainty and courage. You are gonna' need a lot of courage. Love your work! If you put your heart into something, it will go well. You might not make a lot of money, but you will have had a great time and no one can take that away from you. I know this is a lingering good-bye, but I want you to keep laughing. Be sure and laugh at least three times a day for your own well-being and get others to laugh with you. Remember, when people are laughing together they usually not killing each other. Learn to make distinctions, a person is not his or her crankiness or their gross or strange exteriors. Look inside for the best. Don't let other peoples opinions influence you, develop your own and be honest. Be smart as you can, but always remember, it's better to be use than smart. Wisdom comes from a lot of compassion and understanding and usually takes a long, long time. Life is meaningless, unless YOU make something of it. It is all up to YOU! No matter how loving and loved we are, deep down inside we are all alone. When this moment hits you, face it head on, deal with it, and if you need me. I will be there! While you are attempting to handle all the aburdites in the world, remember your rights as a woman and a man. Don't lose it for those who come after you. Life will not be easy, but I know you will mange it. You will remain strong, aggressive, tough, and resilient, yet full of compassion. Be brave and creative. Don't be afraid to explore. You can't take a plane there. Its hard work, risky, and sometimes scary. As todays door close quickly and softly...BE HAPPY AND ALWAYS REMEMBER, THAT I LOVE YOU!!! TISHA
